## How green...

INTEGRITY

### Integrity

it's not just about selling products...it's about people...and the quality of our relationships

### How Green is Your Company?

We can all make a difference by just changing the brand of shampoo that we use or the make of jeans that we wear. Buying things made ethically, from companies that act ethically, encourages those companies that don't exploit labour, animals or the environment. So just imagine the impact that you could have by looking closer at the items used everyday within your company...

### FSC Certification

In our effort to support "Green Initiatives", all of Bbi's main furniture manufacturers are FSC (Forest Stewardship Council) certified.

## FSC Certification

This enables them to buy forest products of all kinds, with confidence that they are not contributing to global forest destruction. FSC certified forests are managed to ensure long term timber supplies while protecting the environment and the lives of forest dependant peoples.

Bbi is continuously evolving processes to reduce waste through intelligent design and efficient resource usage; however, it is our passion which makes us continue to care.

To see more on our environmental policy please visit the environmental page in the "About Us" section of our website:

**Jason Jones**  
Senior Project Manager

**Paul Westlake**  
Sales Manager

## People

### Confidence

our clients can count on us...  
the right attitude...the right  
specification...the right delivery

### Senior Project Manager

Jason Jones has been appointed as Senior Project Manager. During the last nine years Jason has worked in all aspects of our service delivery and is enthusiastic about his new role.

### Sales Manager

Paul Westlake has been appointed as Sales Manager. His previous role in the sales team as furniture specialist has equipped him to ensure that the team continues to improve in it's service delivery.

*'We have a great heritage as a company - my challenge is to expand that vision into new areas of expertise'*

Paul Westlake

**Wavelink Communications**

## Door Entry System

### Innovation

there is always a better way....  
we develop and implement our  
own innovative solutions

For those of you who were able to join us at the 2005 Christmas Facilities Day you will be aware of the new door entry system that has been installed within the Bbi reception.

The system operates wirelessly and provides a video feed which constantly monitors the entrance. It was installed as both a sales tool and a security measure.

## Completed Projects

### Total Commitment

to design...to delivery...to our  
clients....to the project

**Mitel, Caldicot**

**Lloyds TSB, Blake Two**
